**WILLPOS A20**

# LESS ENERGY MORE POWER

We had a vision of the future and made it real. Enjoy.

With a wealth of long-term experience and knowledge, Toshiba consistently designs and manufactures its award-winning POS ranges from scratch, right down to the hinges.

CPU Performance Benchmark

CPU Power Consumption (max.)

## APPLICATIONS

With its uniquely sealed design to cope with liquid and dust ingress, the WILLPOS A20 is the POS of choice for all retail and hospitality environments.

Hotels, bars, cafés, restaurants

Groceries, bakeries, butchers

Service stations & kiosks

Activity & entertainment centres

Pharmacies & opticians

Clothes & shoe shops

### ROBUST

Fully adjustable screen, rigorously tested for the harsh retail environment including spill protection

### RELIABLE

Optional RAID HDD mirroring or SSD

### PAPER SAVING

Combine the WILLPOS A20 with the TRST-A15 double-sided receipt printer to save up to 45% on paper rolls

### POWER & ECO

High performance Intel Celeron M with 76% performance increase and 49% power saving (compared with previous models)

### MULTI-MEDIA

Stereo speakers & volume control

## GREEN MACHINE

We work to strict ecological policies to benefit both the environment and our customers.

- Recyclable chromium-free metal
- Recyclable halogen-free plastic
- Packaged in recyclable paper products
- Built and supported for a long life cycle
- Design and manufacturing on ISO14001

## LESS ENERGY, MORE POWER

The innovative powerful and low-energy processor gives top-level POS performance whilst reducing running costs and CO<sub>2</sub> emissions.

## RECYCLING PROGRAM

We will collect and recycle our used units, re-processing them for re-use.

## EXCITING - LARGE CUSTOMER TFT & SPEAKERS

- Attract, entertain and stimulate customers with movies and music
- The possibilities for promotions are infinite

## RELIABILITY

HDD Mirroring (RAID1) - Selecting the RAID hard disk option provides invaluable peace of mind, especially for small businesses. Twin hard drives divide and replicate your business-critical information.

SSD - The WILLPOS A20 also supports solid state drives and memory which will resist extreme shocks and temperature variations to give unsurpassed reliability, considerable power savings and very easy maintenance.

## FLEXIBILITY FOR CHOICE

We have the flexibility to tailor the following to your specific requirements:

- Remote operator TFT display customisation for smaller checkout areas
- Non-touch customisation for keyboard input for non-touch software
- Cabinet colour options
- Delivery timescales
- Software options for all markets (software by Toshiba in-house or partner)
